- SACRED MARRIAGE OF MASCULINE-FEMININE
- THE BRIDGE BETWEEN EARTH & SKY

### EMBODY LIFE FORCE ENERGY

- ANIMAL BODY
- DIVINE UNCONSCIOUSNESS (UNKNOWN MYSTERY)
- ROOTED POWER & EMBODIYING OUR DESIRES

# THE MAGIC & POWER OF YOUR DESIRES

---

The word "desire" comes from Latin desiderare, meaning "to long for" or "to wish for," with its original meaning likely being "to await what the stars will bring" (from the phrase de sidere, meaning "from the stars").

**BE, DO, HAVE  
(TO GENERATE  
MONEY, WEALTH &  
SACRED RESOURCES)**

What used to work financially,  
it is not working any more

**DIFFICULTIES FOR THE ATTENTION OUT  
& PENETRATING INFLUENCE  
BECAUSE OF THE GOOD GIRL SOCIAL CONDITIONING**

**Name one good girl who has changed the world.**

**You can't. Because she can't.**

Name one good girl who is paving the way for others to follow their desires,  
**by living her own life in alignment to her epic imagination.**

**(Unbound, Kasia Urbaniak)**

She's desirable but chaste, modest, accommodating, a virgin – until she finds a sanctioned partner, at which point she becomes sexually available, but only to that one person.

She doesn't have deep needs, nagging wants, or personal passions, because that would be deeply inconvenient.

**Her time is not her own.**

Her job is to keep the ship running as smoothly as possible, which means performing **immense amounts of invisible mental, emotional, and physical labor.**

DIFFICULTIES FOR THE ATTENTION OUT & PENETRATING INFLUENCE  
BECAUSE OF THE GOOD GIRL SOCIAL CONDITIONING

The Good Girl doesn't wield power openly, rather, she exerts a sort of indirect influence over the people who love her:

She doesn't give commands; instead, she attempts to get her way through disapproving glances, disappointed sighs. It's entirely possible that the Good Girl invented passive aggression.

She is lovely to others—polite, solicitous, forgiving, and generous to a fault.

But she tends to be vicious with herself.

She's never a burden.

She's upbeat, she's cheerful, she has a positive attitude!

She does not use her emotions as a source of power, out of fear of making someone else uncomfortable, so **she tamps them down for as long she can until she finally explodes, then apologizes, then starts the process over.**
